EXPERIENCE

Tops Technology
Frontend Developer
📅 June 2023 – Present   📍 Ahmedaba

- Developed reusable UI components with React.js, utilizing state management through React Hooks and Context API for efficient data flow and synchronization.
- Integrated APIs for data fetching and updating, optimized frontend code for faster load times, and implemented routing with React Router for seamless navigation.
- Employed Redux alongside React for centralized state management, facilitating predictable data flow and collaboration through Git for version control with branching and pull request workflows.
- Utilized **HTML, CSS, JAVASCRIPT, JQUERY, BOOTSTRAP, MATERIAL UI,** and **REACT.JS** to ensure seamless functionality.

Shopsky Pvt. Ltd.
WebDeveloper Intern
📅 June 2022 – October 2022   📍 Jaipur

- Collaborated with UI/UX designers to transform wireframes into responsive web interfaces using HTML, CSS, and JavaScript, ensuring alignment with design specifications.
- Facilitated seamless implementation of design solutions by working closely with frontend developers, providing guidance and support throughout the development process.
- Successfully launched the eCommerce website, achieving notable outcomes such as increased conversion rates or improved user engagement, leveraging technologies like jQuery and Bootstrap for efficient development.

Google Cloud Ready Facilitator Program
📅 May 2022 – July 2022

- Selected for the prestigious Google Cloud Ready Facilitator Program, showcasing expertise and dedication to cloud computing.
- Actively participated in training and collaborative efforts, demonstrating a commitment to staying updated with technology advancements.
- Successfully completed the program, gaining extensive knowledge of Google Cloud Platform (GCP) services and solutions, and received recognition through Google swags for accomplishments.

TECHNICAL SKILLS

- HTML
- CSS
- JAVASCRIPT
- JQUERY
- BOOTSTRAP
- REACT JS
- REDUX
- MATERIAL UI

PROJECTS

BrowseInfo
- **HTML | CSS | JAVASCRIPT | BOOTSTRAP | JQUERY**
- In This Project, I Created A Responsive Business Website Using HTML, CSS, JavaScript, JQuery, And Bootstrap. I Designed It To Adapt Smoothly To Different Screen Sizes, Ensuring A User-Friendly Experience On Both Desktop And Mobile Devices. With Flexbox For Layout And Toggle Functionality, Along With Carefully Crafted Content, The Site Offers Easy Navigation. Github

Portfolio Website
- **HTML | CSS | JAVASCRIPT | BOOTSTRAP | JQUERY**
- A responsive portfolio website employs HTML, CSS, JavaScript, and jQuery to dynamically showcase projects and technical expertise, ensuring compatibility across various devices. Github

SoftLand
- **HTML | CSS | BOOTSTRAP**
- In This Project. I Designed A Website To Highlight My Bootstrap Skills, Ensuring It's Responsive Across Various Devices. I Integrated User-Friendly Features Like Flex-Box, Dropdown-Menue, Offcanvas Navbar, And Slider To Enhancing Accessibility And Navigation . Github

Netflix Clone
- **HTML | CSS | BOOTSTRAP**
- In This Project, I Made A Netflix Clone Using HTML And CSS, Focusing On Making It Work Well On Any Device. By Using Media Queries, I Ensured It Adjusts Nicely On Different Screens. I Positioned Images And Videos Strategically To Create A Smooth Experience Github
